## FORMER LD-3SB BO BOTTOM-ONLY CASE SEALER USED FOR ERECTING

Loveshaw offers the **LD-3SB BO**, a semi-automatic case sealer that tapes only the bottom of the case. The **LD-3SB BO** is a convenient and economical option to help form and seal your cases. It requires only one adjustment as you change case sizes.

### PERFORMANCE & DESIGN FEATURES:

Simple design and durable Construction

Requires less maintenance, minimal operator training

Only 1 adjustment for changeover

Ideal case former for small batch runs

Use as a back up for your Automatic Erector

Economical: Less capital investment vs. a Fully Automatic Case Erector
