Labeler Options	Option Definition	When Option Should Be Used
Basic stand with casters	Mounting Platform for Labeler	Basic mobility of Labeler
Stand with horizontal slide, casters	Tool-less horizontal positioning of the labeler	Basic mobility of Labeler with Tool-less positioning of the Labeler
Stand, conveyor integration, casters	Basic Stand to Conveyor Integration	To unitize a stand to a conveyor as a single system
Stand, conveyor integration, horizontal slide, casters	Tool-less horizontal positioning of the labeler	To unitize a stand to a conveyor as a single system
Applicator Options:		
Standard Air Cylinder Tamp 6 Inch Stroke with Touch n' Go Smart Tamp Sensor	Linear Stroke Cylinder for variable size boxes	Applications less than 6" stroke. Consult factory for available sizes
Extended Stroke Cylinder with Touch n' Go Smart Tamp Sensor	Linear Stroke Cylinder for variable size boxes	Applications more than 6" stroke. Consult factory for available sizes
Additional Applicator Pads	For various customer defined label sizes	Used as Spares or Custom Label
Printer Options:		
SATO S84ex Right or Left Hand Printer 203 dpi	4 inch wide Print Area	Application Dependent
SATO S84ex Right or Left Hand Printer 305 dpi	4 inch wide Print Area	Application Dependent
SATO S86ex Right or Left Hand Printer 203 dpi	6 inch wide Print Area	Application Dependent
SATO S86ex Right or Left Hand Printer 305 dpi	6 inch wide Print Area	Application Dependent
Wireless up-charge for SATO Printer	Wireless Option	Application Dependent
ZEBRA ZE500-4 Right or Left Hand Printer 203 dpi	4 inch wide Print Area	Application Dependent
ZEBRA ZE500-4 Right or Left Hand Printer 300 dpi	4 inch wide Print Area	Application Dependent
ZEBRA ZE500-6 Right or Left Hand Printer 203 dpi	6 inch wide Print Area	Application Dependent
ZEBRA ZE500-6 Right or Left Hand Printer 300 dpi	6 inch wide Print Area	Application Dependent
Wireless up-charge for ZEBRA Printer	Wireless Option	Application Dependent
Barcode Labeling/Integration Software:		
LABELVIEW(Pro)	Label generation software allow users to easily and accurately design and print labels on a regular basis. Database connections, serial counters, expiration dates, and all other industry-standard label design elements are easily handled.	Application Dependent
LABELVIEW(Gold)	High-end label generation software and includes all features of LABELVIEW Pro along with advanced design, integration, and automation tools.	Application Dependent
Additional Options:		
Product Sensor	Photo eye that detects boxes as they pass through labeler	Standard Sensor is Defused-Reflective for all models
Foot Pedal Product Sensor	Operator activated foot switch	In a manual operation when the operator will apply the label instead of the photo sensor
Polarized Retro Reflective Sensor	photo-eye with reflector, replaces standard product detect photo-eye	Application Dependent
Clear Label Sensor	A sensor triggered by changes in thickness, not opacity or contrast.	Application Dependent
Core Adapter for Label Roll	An adapter to support a 4" label core	For Longer Labelers wound on a 4 " Core
Light Tower(low label, no label faults) w/Audible Alarm	Visual / Audible Alarm Indicator	Alarm when operator may be away from Labeler
Audible Alarm	Audible Alarm Indicator	Alarm when operator may be away from Labeler
Light Tower(low label, no label faults)	Visual Alarm Indicator	Alarm when operator may be away from Labeler
